Viscoflex Oval Mouse Pad

Memory Foam

Product Specification:

Mfr. Model No.:	KCS50155
List Price:	\$16.95 Each
UPC/MFG. No.:	7-62984-50155-2
Unit of Measure (Min. Buy):	Each
Product Dimensions (Height x Diameter):	.75"H x 8.50"W
Inside Box Size:	1.25"H x 8.75"W
Product Weight Each:	.35 lbs.
Case Quantity:	20 per case
Case Dimensions (HxWxD):	19"H x 18.75"W x 8"D
Case Shipping Weight:	8.5 lbs.
Fabric Color:	Black
Case Cube Size:	1.67
Country of Origin:	R.O.C
Assembly Required:	No

**Soft To Touch
Contoured Palm Support**

Features:

- Temperature sensitive ViscoElastic memory foam
- Aegis Microbe Shield treated (Anti-microbial) protection
- Contours to the body while in use, with a gel-like feel
- Adjusts to wrist movement and individual body shape
- Aids in the dissipation of moisture and perspiration
- Half moon wrist pad with contour edges, non skid base

Benefits:

- Five Star Seal of Ergonomic Excellence by ORI
- Prohibits bacteria and algae growth on the pad surface
- Temperature Sensitive, surface warms slowly
- Recognizes and relieves local pressure while typing
- Surface pressure is reduced when support is warm
- Lycra surface breathes and cleans easily

Details:

Viscoflex Mouse Pad promotes user-friendliness and helps to provide relief from prolonged mouse use by utilizing revolutionary extreme high density ViscoFlex memory foam. Developed by NASA in the 1960's and now widely used in the Healthcare and Sleep Industry, ViscoFlex memory foam is slow to recover and does not bounce when pressure is released. Our innovative material recognizes shapes, and adjusts to evenly distribute the pressure load from your hands and wrists- reducing pressure points. The ViscoFlex wrist support simulates a floatation effect and provides even pressure distribution; it helps to facilitate blood circulation and lessens discomfort while using the mouse- with a luxurious gel like feel. The Soft-To-Touch Lycra® covered wrist pad is easy to clean and anti-microbial treated with Aegis Microbe Shield technology, to minimize environmental contamination and the development of resistant organisms. The dark colored Lycra® surface enhances smooth mouse tracking by amplifying the infrared light emitted from your mouse to provide precise accuracy. The 8.5" wide mouse area offers a full range of motion with a non-skid base. Compatible with selected existing keyboard arms, notebooks or workstations. One Year Warranty. *Given the "Five Star" seal of ergonomic excellence by the Oxford Research Institute for design, quality and comfort.*
