- All steel 22" friction free teflon mounting track
- Meets BIFMA/ANSI standards, made in the USA

Product Description:

Kelly Brand Leverless Lift N' Lock Extended Phenolic Keyboard Tray provides maximum comfort and flexibility while typing. The extended tray, with single level typing surface is made of sturdy Phenolic and does not bend or vibrate while in use. One step operation for height adjustment, simply lift-n-lock with easy to view height indicator gauge with eight inch height range. Low profile design for optimal leg clearance with all steel 22" teflon track which insures smooth friction-free operation. The easy to view tilt indicator dial allows users to adjust the tray to a maximum of both 10 degree positive and fifteen degree negative tilt. The tray will rotate up to 360 degrees, space permitting. Keyboard tray includes a full length Viscoflex Memory foam wrist support that is soft to the touch and comfortable to use. The Lycra covered positive angled wrist pad minimizes wrist pressure and is easy to clean. Includes easy to reach optical mouse surface. Meets or exceeds BIFMA/ANSI standards and includes five year warranty. Some assembly required. Made in the USA.
